

ARTISAN-BSH CANOPY

Exterior Sun Control 10 71 13

Artisan-BSH Bahama shades are an excellent solution for providing shade where you need it. Custom designed louvers allow for unique shading while adding a unique focal point to your home. Pre-engineered for most conditions, the Artisan-BSH shade canopy provides economical design options to reduce the sunlight entering your home.

Artisan-BSH shades are modular and built with all aluminum construction with stainless-steel hardware. All Artisan products arrive ready for installation with a super-durable architectural coating.

Artisan-BSH is a fixed shade, fixed louver shutter and does not close for weather events.

Trex Shade Artisan-BSH shade canopies are designed, engineered and manufactured by Structureworks.

Canopy Configuration:

Extruded aluminum components, solid connections and connection arm.

Shade Widths:

2', 2'6", 3', 2'6", 4', and Custom

Shade Heights:

2', 3', 4' 5' and 6'

Wall Attachment:

Mechanically fastened.

Submittals

Structureworks will submit shop drawings illustrating plans, elevations, sections and details showing spacing of components and connections. We can provide 2D and 3D CAD files for project-specific drawings, as well as samples of material finish and color options.

As required, Structureworks can perform structural engineering services and submit an engineered plan set prepared by a licensed professional engineer.

Finish

Structureworks uses a multi-step powder coat process to provide an AAMA 2604 compliant low-maintenance finish on aluminum canopies that provides excellent outdoor durability, gloss retention and fade resistance in a variety of colors, sheens, and textures. Simulated woodgrain powder coat can be provided on some components for a low-maintenance wood look.

Engineering

Engineering is a critical step in many projects. Structureworks will engineer a canopy as part of the design process. Our engineering department handles the loads and calculations, connections design, and issues stamped plan sets for permitting. Licensed in 50 states and DC, Structureworks can engineer an architectural canopy to meet your project requirements.

Maintenance

Aluminum canopies are designed to provide a long service life with very little maintenance. Our super-durable architectural coating will provide an attractive, high-quality finish for many years. Inspect mechanical fasteners yearly and adjust as needed

Warranty

30-Year Limited Warranty for canopies. 10-Year Limited Warranty on powder coat finish.

Notes:
