

# Powder Coating Color Chart

**STRUCTUREWORKS®** **Trex® Pergola™**

A multi-step powder coat process is used to provide a virtually maintenance-free finish on all aluminum products that provides excellent outdoor durability and fade resistance. Available in a variety of super durable finishes, components can be finished in a single color or multiple colors, to enhance the look of any structure.

## SATIN

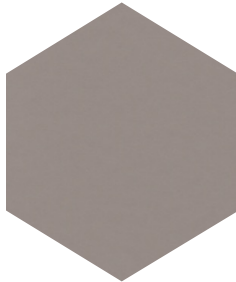

A low sheen, smooth, and soft appearance finish with a Gloss Level of 30. The eggshell-like finish masks minor scuffs and requires minimal maintenance.

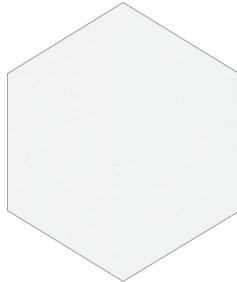

SIERRA TAN  
15002

SANDSTONE  
15012

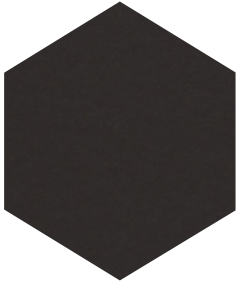

TAUPE  
70070

SEASHELL WHITE  
10130

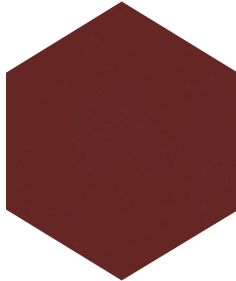

GREY  
70049

STATUARY BRONZE  
60080

JET BLACK  
80020

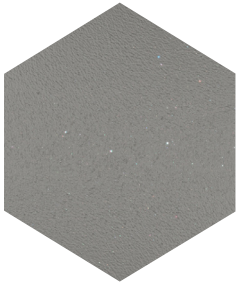

REDWOOD  
30041

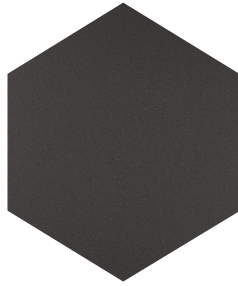

Colors shown are samples and may vary slightly from actual finish. Gloss level variance  $\pm 5$ .

## DESIGNER

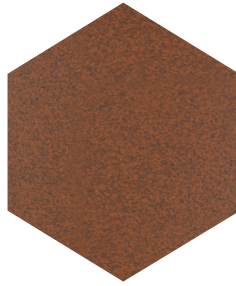

A fine-texture finish with metallic flake that creates a soft, almost grainy feel. The metallic flake gives a subtle but eye-catching shimmer to the finish. The unique, metal-flaked finish is fingerprint-resistant and masks everyday wear-and-tear.

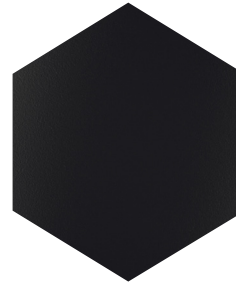

GOLD BROWN
